Paige Russell's

Advent Tree No. Pouch Print Outs & Assembly 'How-To'

fold lines

1. Print out the following 12 numbered pages (in color or B&W)
2. Use the cutting guides to cut pouches to size (see dotted lines)
3. Fold both fold lines on each so the numbers are on the outside
4. Use standard hole punch & hole guide to create holes for hanger

* For complete assembly instructions and ideas on what to put inside your advent goody bags, you'll find a 'how-to' video on my blog, www.paigeandmodern.com. (it will be in the 'craftology' section along with other how-to's from the story!)
